10.12. **SEVERABILITY.** If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.

10.13. **PROPER AUTHORITY.** The parties hereto represent and warrant that the person executing this Contract on behalf of each party has full power and authority to enter into this Contract. Contractor acknowledges Contract is effective for the period of time specified in the Contract. However, if non-performance continues for more than thirty (30) days, TFC may terminate this Contract immediately upon written notification to Contractor.

10.15. **LABOR ACTIVITY.** If any strike, boycott, picketing, work stoppage, slowdown, or other labor activity is directed against the Contractor at TFC's facility, which results in the curtailment or discontinuation of services performed herein, TFC shall have the right during said period to employ any means legally permissible to have the work performed.

10.16. **DISPUTE RESOLUTION.** The dispute resolution process provided for in Chapter 2260 of the Texas Government Code must be used by the parties to attempt to resolve all disputes arising under this Contract.

10.17. **COUNTERPARTS.** This Contract may be executed in any number of counterparts, each of which shall be an original, and each such counterpart shall together constitute but one and the same agreement.

10.18. **NO WAIVER.** Nothing in this Contract shall be construed as a waiver of sovereign immunity by the State of Texas. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the State of Texas under this Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. TFC does not waive any privileges, rights, defenses, or immunities available to TFC by entering into this Contract or by its conduct prior to or subsequent to entering into this Contract.

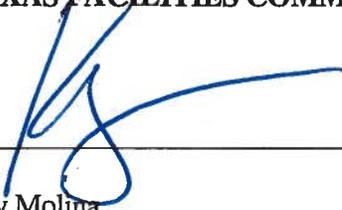

10.19. **FALSE STATEMENTS; BREACH OF REPRESENTATIONS.** By signature to this Contract, Contractor makes all the representations, warranties, guarantees, certifications and affirmations included in this Contract. 10.21. **ENTIRE CONTRACT AND MODIFICATION.** This Contract and its integrated attachment(s) constitute the entire agreement of the parties and such are intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Unless an

integrated attachment to this Contract specifically displays a mutual intent to amend a particular part of this Contract, general conflicts in language between any such attachment and this Contract shall be construed consistently with the terms of this Contract. Unless otherwise expressly authorized by the terms of this Contract, no modification, renewal, extension or amendment to this Contract shall be binding upon the parties unless the same is in writing and signed by the respective parties hereto.

**EXHIBIT A**

**TFC CONTRACT NO. 18-027-000**

**TECHNICAL REQUIREMENTS**

EXHIBIT A

**TECHNICAL REQUIREMENTS**

1.1. **COMPATIBILITY.** Web-based application software shall be compatible for security purposes with current, supported versions of Internet Explorer (currently IE 11).

2.1. **PARTITIONING.** Contractor shall provide a system with requisite firewalls, partitioning, and other features as to guarantee no accidental or intentional mingling of TFC and its contractors' data with any other clients using or having access to the application, hosting software, or equipment.

3.1. **SECURITY.** (a) Contractor shall manage data security with reasonable efforts to restrict unauthorized access to data managed by the system. Contractor shall ensure compliance with the following standards.

(i) Accessibility to data is limited to authorized users only. Contractor shall employ sufficient technologies and services at its data centers to prevent and defend against unauthorized access or interference by Internet "hackers" including denial of service attacks. In the event of a confirmed breach of system security, Contractor shall immediately, proactively inform the affected subscribers, shall work with law enforcement to collect and preserve relevant evidence, and shall assist with legal proceedings against the violating parties.

(ii) Contractor shall provide TFC and TFC users with on-line access to the applications through a combination of user names, password(s) and roles. TFC will be solely responsible for maintaining the security of the user names and password(s) assigned to TFC and TFC users, as well as the administration of said passwords. Contractor shall implement reasonable security measures to prevent unauthorized access to the applications, hosting software, equipment, and content. Contractor's software shall provide varying levels of access to the applications (public access to full, administrative access) through roles. These roles will be assigned by TFC.

(b) Contractor shall enforce effective controls with reasonable efforts to protect private customer information from access by unauthorized users.

(c) Contractor shall protect private customer information during transmission by using encryption methods, such as a Virtual Private Network (VPN) or other secure encryption protocols that meet appropriate protection or certification standards. All electronically stored or transmitted data classified as confidential data or sensitive data (based on the TFC Data Classification Policy, Exhibit A-1 to the Contract) shall be encrypted using an approved cryptographic algorithm while it is either stored or transported. The minimum recommended encryption key will be Advanced Encryption Standard (AES) 128-bit or stronger as defined by National Institute of Standards and Technology ISO/IEC 18033-3.

(d) Contractor acknowledges that it will have access to Confidential Information of the TFC. Vendor agrees that it shall not use in any way, for its own account or the account of any third party, except for the performance of this contract, nor disclose to any third party (except as required by law or to that party's attorneys, accountants and other advisors as reasonably

EXHIBIT A

necessary), any of the TFC or its contractors' confidential information and shall take reasonable precautions to protect the confidentiality of such information.

4.1. **RELIABILITY.** (a) Contractor shall provide for 99.5% monthly service availability for those components of the service within Contractor's direct control, where "available" is defined as an Internet user being able to establish a TCP connection to the Contractor's server hosted by a third party telecommunications services provider. Specifically excluded from the definition of "availability" are:

- (i) scheduled maintenance windows;
- (ii) issues associated with TFC user's personal computers, local software, local area networks, or Internet Services Provider (ISP) connections; and
- (iii) issues arising from the misuse of the application hosting software by a TFC user, its employees, agents, customers, or contractors.

(b) Failure to satisfy the 99.5% monthly service availability over any consecutive thirty (30) day period shall constitute a material breach of contract. Monthly service availability of 99.5% translates into 3.72 hours of unavailability in a thirty-one (31) day month, excluding the reasons mentioned above.

(c) Routine maintenance windows shall be established from time to time and communicated to TFC in advance. During this time, Contractor's servers may be taken down in order to conduct routine maintenance to both software and hardware. When scheduling planned downtime, there shall be no interruption of the service during extended normal business hours (i.e. from 8 AM – 5 PM Central Time) and during potential peak demand periods (i.e. month end / quarter end / fiscal end).

(d) Corrective maintenance for issues that need to be resolved in an expedient and cost-efficient manner shall be coordinated and communicated with TFC. Every effort should be made to prevent interruption of the service during extended normal business hours (i.e. from 8 AM – 5 PM Central Time) and during potential peak demand periods (i.e. month end / quarter end / fiscal end).

(e) Contractor shall contact TFC by e-mail or by phone as soon as practical once it becomes aware of any unplanned system degradation or outage, including downtime, and shall provide status updates every four (4) hours. Contractor shall provide a plan of action to correct the problem within four (4) hours from the time Contractor becomes aware of the outage.

5.1. **RESPONSE TIME.** (a) The "range of acceptable response time" shall allow for degradation no greater than that agreed upon by the Contractor and TFC. The purpose of this is to protect TFC by providing a service level agreement regarding continued reasonable response time as business and corresponding system usage increases.

EXHIBIT A

(b) The Contractor and TFC shall establish the “maximum supported traffic” level for the initial term of the Contract. This is the level of system use and transaction throughput up to which the Contractor’s throughput and response time service level agreements are applicable without an increase in the monthly hosting service fee. The maximum will be established at a level that is large enough to accommodate anticipated maximum growth of TFC.

6.1. **BACKUP AND DISASTER RECOVERY.** (a) The Contractor shall perform routine system backups to provide the ability to restore the system to operational status in a timely manner in the event of a disaster.

(b) Contractor shall provide redundant service capability to provide services in the event of a disaster which would cause the Contractor’s physical or system facilities to become inoperative. Redundant service capability shall provide, at a minimum, the following:

(i) backup copies of all TFC data delivered daily to off-site, secured storage area for use in the event of a disaster;

(ii) the ability, in the event of a disaster that incapacitates the Contractor’s data center operations, to completely recreate services, with TFC backed up data, within forty-eight (48) hours at a remote facility;

(iii) backup telecommunications services in place that shall allow TFC and TFC users access to the remote facility; and

(iv) the Contractor shall perform annual tests of its disaster recovery service capability. The Contractor shall provide TFC with the results of such tests.

7.1. **OWNERSHIP.** Contractor agrees that the Contractor receives no ownership rights in the materials, data, or records furnished by TFC. Except as specifically authorized by TFC in writing, the Contractor shall not disclose TFC data to a third party or make any other use of TFC data as set out in Article VI of the Contract.

8.1. **TRANSFER OF DATA.** As the data is the sole and exclusive property of TFC as provided above, exports of all TFC data shall be made available to TFC on demand, in a secure and accessible format, within a reasonable period of time from the request. Contractor shall guarantee that in the event of termination for non-performance, contract expiration, or business failure of the Contractor, all data can and will be transferred in such a format as to be usable by a succeeding contractor or system.

9.1. **RECORDS RETENTION.** Contractor agrees to comply with all records retention requirements as specified by the Contract.

**TFC DATA CLASSIFICATION POLICY**

## **Data Classification**

### 1.0 Overview

Data Classification provides a framework for managing data assets based on value and associated risks and for applying the appropriate levels of protection as required by state and federal law.

### 2.0 Purpose

The purpose of the Texas Facilities Commission Data Classification Guideline is to provide a foundation for the development and implementation of necessary security controls to protect information according to its value and/or risk.

### 3.0 Scope

The Texas Facilities Commission data created, sent, printed, received, or stored on systems owned, leased, administered, or authorized by the TFC are the property of TFC and its protection is the responsibility of the TFC owners, designated custodians, and users.

### 4.0 Policy

Data shall be classified as follows:

**Confidential.** Very sensitive data that must be protected from unauthorized disclosure or public release based on state or federal law, (e.g. the Texas Public Information Act) and other constitutional, statutory, judicial, and legal agreements.

Examples of Confidential information are:

- Social Security Numbers.
- Personally Identifiable Information (PII), such as a name in combination with driver's license number and date of birth.
- Industry Proprietary information.

**Sensitive.** Agency protected data that may be subject to disclosure or release under the Texas Public Information Act, but requires additional levels of protection.

Examples of Agency Protected data may include but are not limited to:

- TFC operational information.
- TFC personnel records.
- TFC information security procedures.
- TFC research.
- TFC internal communications.

**Public.** Information intended or required for public release as described in the Texas Public Information Act.

**Regulated:** The fourth label, Regulated, may or may not be applicable to an agency, based on its mandate, customers, and business operations. Regulated focuses on the types of data typically regulated by federal statute or third-party agreements. HIPAA, FTI, or PCI data will have specific requirements placed on that data by a non-Texas regulation. Thus, that data has specific handling requirements that are unique and do not apply to all agencies.

**Exception:**

Information owned or under the control of the United States Government must comply with the federal classification authority and federal protection requirements.

**5.0 Enforcement**

Violation of this policy may result in disciplinary action which may include termination for employees and temporaries; a termination of employment relations in the case of contractors or consultants; dismissal for interns and volunteers. Additionally, individuals are subject to loss of TFC Information Resources access privileges, civil, and criminal prosecution.

# TEXAS FACILITIES COMMISSION

## CRIMINAL BACKGROUND CHECKS AND APPLICATION GUIDELINES

It is the policy of the Texas Facilities Commission ("TFC") that all contractor employees and subcontractors that will complete any work on-site at a state-owned property may be subject to a criminal background check. Any expense associated with such criminal background check shall be borne by the contractor. **\*Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

# HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

**NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).**

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

**- - Agency Special Instructions/Additional Requirements - -**

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract\*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

**SECTION 4: AFFIRMATION**

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

If respondent is participating as a Mentor in a State of Texas Mentor Protégé Program, submitting its Protégé (Protégé must be a State of Texas certified HUB) as a subcontractor to perform the subcontracting opportunity listed in SECTION B-1, constitutes a good faith effort to subcontract with a Texas certified HUB towards that **specific** portion of work.

## SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you **MUST** comply with items **a, b, c and d**, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

- a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs **at least seven (7) working days** to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at <http://mycpa.cpa.state.tx.us/foasscmbsearch/index.jsp>. HUB status code "A" signifies that the company is a Texas certified HUB.
- b. List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

c. If any of the subcontractors you have selected to perform the subcontracting opportunity you listed in **SECTION B-1** is **not** a Texas certified HUB, provide written justification for your selection process (attach additional page if necessary):

**REMINDER:** As specified in SECTION 4 of the completed HSP form, if you (respondent) are awarded any portion of the requisition, you are required to provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity it (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.

# HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.
