This building will be fourteen floors high, with roughly 603,000 GSF. The building will include five levels of below-grade parking, and eight floors of above-grade parking on the eastern side of the building. A cultural venue with a ground level café is planned on the ground floor and second floor, fronting the Texas Mall to complement the adjacent Blanton and Texas State History Museums.
 - 1.1. There are six total construction packages for the Capitol Complex Project as follows:
 - 1.1.1. Package 1 – Excavation
 - 1.1.2. Package 2 – Site Utilities
 - 1.1.3. Package 3 – Central Utility Plant Expansion and Utility Tunnel
 - 1.1.4. **Package 4 – 1801 Congress Building**
 - 1.1.5. Package 5 – 1601 Congress Building
 - 1.1.6. Package 6 – Texas Mall and Underground Parking Garage
2. **Package 4** is expected to be delivered in phases, with design and construction of the core and shell proceeding first, and separate break-out phases for tenant agency finish-outs. It is expected that all finish-outs for state agencies will be included in the scope for Package 4, and completed in phases. It is not yet known which agencies will be tenants in the building. It is anticipated that tenant agencies will be identified in the fall of 2017. The finish-outs for the proposed cultural venue and food service space are expected to be performed under separate contracts from the main 1801 Congress Avenue Building Project.

2.1. The **Package 4** scope includes the following items:

- 2.1.1. 1801 Congress Building core and shell;
- 2.1.2. 1801 Congress main building lobby and lobby finishes;
- 2.1.3. 1801 Congress above-grade parking garage;
- 2.1.4. Below-grade parking garage under the 1801 Congress building, up to grid line 6;
- 2.1.5. Interior finish out of all shared, base-building spaces;
- 2.1.6. Core and shell impacts of the future cultural venue / museum;
- 2.1.7. Interior fit-outs for state agencies (agencies are currently TBD);
- 2.1.8. Fixed furnishings, casework, modular furniture;
- 2.1.9. Technology infrastructure and cabling; and
- 2.1.10. Exterior building signage and lighting.

3. The following items identify scope areas where the A/E and CMR team for Package 4 will need to coordinate with the design and construction teams for other Packages, to provide complete and cohesive systems for the Owner:

- 3.1. Site utilities will be brought to the site through Package 2. The Package 2 Site Utilities will coordinate with the building design teams, to provide utilities to within 5 feet of the building perimeter. The Package 4 team will need to coordinate with the Package 2 site utilities team to validate that sizing and utility demands in the service extension requests to the utility companies are adequate for the demands needed in the final design of the building.
- 3.2. Chilled water will be provided from the new CUP at the Sam Houston Building, which will be performed through Package 3. Chilled water piping will be brought in Package 3 up to the heat exchangers in the 1801 Congress Building mechanical room. All mechanical from this point, including the heat exchangers, is part of the Package 4 scope.
- 3.3. Exterior landscaping and hardscaping will be provided in Package 6, to consolidate the landscape and hardscape of the exterior public spaces into one point of responsibility, up to the face of the buildings. This includes streetscape adjacent to the building, up to the building face. The waterproofing below exterior plaza areas which are above the below grade parking structure, will also be provided in Package 6, for coordination with the installation of plaza finishes.
- 3.4. Lighting and electrical of the underground parking garage will be provided in Package 6. Package 4 will provide finished rooms for the utility vault and electrical gear within the 1801 Congress building shell. The Package 6 electrical contractor will then provide the electrical equipment, conduits, wiring and fixtures required from the point of the utility provider's transformer(s), for a complete electrical installation for the entire below grade garage. Fire alarm systems, fire suppression systems, electronic security systems and building controls systems must be coordinated between each of the project phases for a complete coordinated systems across Packages 4, 5 and 6. - 3.3.1.1.2. A Construction Management Fee as a percentage of the estimated Cost of Work. Such fee shall represent overhead and profit.
- 3.3.1.1.3. A Not-to-Exceed fee for Construction General Conditions.
- 3.3.2. **Construction Time:** Construction time is estimated at one thousand fifty (1050) calendar days.
- 3.3.3. **Submittal Duration:** If TFC has not made an award ninety (90) calendar days after responses are opened Respondents may withdraw their responses without prejudice; however, Respondents have the option to extend the time in which their responses will be honored after this ninety (90) day period.
- 3.3.4. **Attachment G, Non-Collusion Affidavit:** The Attachment G, Non-Collusion Affidavit must be enclosed with the proposal. The Attachment G, Non-Collusion Affidavit form can be obtained electronically at the following link, ‘Forms Index’, Document #4, <http://www.tfc.state.tx.us/divisions/facilities/prog/construct/formsindex/>
- 3.3.5. **Contract Exceptions:** Exceptions to the form of the Contract may result in TFC’s determination that it will be unable to negotiate a satisfactory Contract with an Offeror. Most contract clauses are non-negotiable. Offerors are expected to review the Attachment H, CMR Contract Template with Offeror’s legal, insurance and other business advisors, and should any contract clauses be deemed unacceptable, Offeror shall submit identified exceptions with Step Two. Offerors shall submit to TFC any exceptions to the Contract (including the specifications, terms, conditions therein or exhibits thereto) in a Microsoft Word tracked-change (red-lined) format in both hard copy and electronic format (CD or USB flash memory drive). TFC will only negotiate exceptions that have been specifically identified in accordance with this requirement. An Offeror’s submission of a Proposal without following this requirement shall constitute the Offeror’s express representation and warranty to TFC that, having consulted and fully considered the advice and input of Offeror’s legal, insurance and other business advisors, Offeror is willing to enter into the attached form of Contract based upon the fees and prices submitted in its Proposal upon receipt of TFC’s notice that Offeror has been selected. An exception will not be deemed accepted by TFC unless it is first accepted in writing by TFC and incorporated into the fully executed Contract.

3.3.6. Submission of Insurance Requirements:

3.3.6.1. Each Respondent by submission of its proposal, represents that a review of the TFC insurance requirements included in the Attachment H, CMR Contract Template has been completed with Respondent's insurance brokers, and that compliance to these requirements are either currently sufficient, or attainable.

3.3.6.2. Each Respondent shortlisted for Step Two shall complete and submit the TFC form Attachment I, Statement of Compliance with TFC Insurance Requirements. A Respondent who fails to: (i) provide all policy information requested by Attachment I; or (ii) describe any absence of coverage required by the insurance requirements included in Attachment H to the RFQ may, at TFC's sole discretion, be disqualified from further consideration. Respondent shall check each applicable box and populate each applicable blank in Attachment I. By submitting its information on Attachment I, Respondent represents the information therein is complete, and that its insurance policies comply with Attachment H, without deficiency, except as otherwise explained in accordance with the instructions in Attachment I.

3.3.6.2. The contracted CMR, at its own expense, shall maintain and keep in force such lines of insurance coverage as will protect the Respondent and TFC and its agents and employees from claims which may arise out of or result from Respondent's services and operations under the CMR Contract, as outlined in the insurance requirements contained in Article XI. (Insurance) of Attachment H, CMR Contract Template.

3.4. Inquiries:

3.4.1. All inquiries shall be submitted in writing to John Goodrich by email to: john.goodrich@tfc.state.tx.us

3.4.2. All inquiries submitted by email shall be in an editable format, i.e. Microsoft Word, or standard email, as opposed to an un-editable format such as Adobe Acrobat .pdf files.

3.4.3. All inquiries will result in written responses with copies posted to the ESD at: <http://esbd.cpa.state.tx.us/>. If Respondents do not have internet access, copies may be obtained through the point of contact listed above.

3.4.4. Any Respondents finding discrepancies between the provided documents, or in doubt as to their exact meaning, shall notify TFC at once. TFC may then, as an option, issue addenda clarifying the same. TFC is not responsible for oral instructions or for misinterpretation of the drawings and specifications.

3.4.5. Upon issuance of this RFQ, beside written inquiries as described above, other employees and representatives of TFC will not answer questions or otherwise discuss the contents of the RFQ with any potential vendor or their representatives. Failure to observe this restriction may result in disqualification of any subsequent response. This restriction does not preclude discussions between affected parties for conducting business unrelated to this solicitation.

3.5. Solicitation Submission:

3.5.1. All submittals shall be received and time stamped at TFC prior to 3:00 P.M. Central Time on the date specified in the Schedule of Events. TFC reserves the right to accept late submittals; however, no submittals shall be accepted once the submittal opening process has begun, notwithstanding acceptable evidence that the delivery of the submittal was the fault of the shipper or the submittal was under agency control at the time of the opening.

3.5.2. Submittals should be placed in a separate envelope/package and correctly identified with your company name, RFQ number, Purchaser's name, and submittal deadline/opening date. If submitting multiple responses, each response should be placed in a separate envelope with correct identification. It is the Respondent's responsibility to appropriately mark and deliver the submittal to TFC by the specified date.

- 3.5.3. Receipt of all addenda to this RFQ shall be acknowledged by returning a signed copy of the signature page of each addendum with the response. Any amendment to this procurement solicitation will be posted as an addendum on the ESD. It is the responsibility of interested parties to periodically check the ESD for updates to the procurement prior to submitting qualifications. Respondent's failure to periodically check the ESD will in no way release the selected vendor from "addenda or additional information" resulting in additional costs to meet the requirements of the RFQ.
- 3.5.4. TFC will not consider any submittal that bears a copyright. As a state agency, TFC will strictly adhere to the requirements of Chapter 552 of the TGC (the "Texas Public Information Act") regarding the disclosure of public information. As a result, by participating in this solicitation process Respondent acknowledges that all information, documentation, and other materials submitted in response to this solicitation may be subject to public disclosure under the Texas Public Information Act. TFC does not have authority to agree that any information submitted will not be subject to disclosure. Disclosure is governed by the Texas Public Information Act. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this process and to take precautions to safeguard trade secrets and proprietary or otherwise confidential information. TFC assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by Respondents. If it is necessary for Respondent to include trade secrets or proprietary or otherwise confidential information in its submittal, Respondent must clearly mark in bold red letters the term "**CONFIDENTIAL**" using at least 14 point font, on that specific part or page of the submittal which Respondent believes to be confidential. All submittals and parts of submittals that are not marked confidential will be automatically considered to be public information. If TFC receives a public information request seeking information marked by Respondent as confidential, Respondent will receive notice of the request as required by the Texas Public Information Act. If TFC receives a public information request for submittals and parts of submittals that are not marked confidential, the information will be disclosed to the public as required by the Texas Public Information Act.

4. **EVALUATION AND AWARD**

- 4.1. The intent of TFC is to award a contract to the vendor whose qualifications and pricing are considered to be 'best value' to the state. When considering 'best value' and award, the Owner reserves the right to set a minimum requirement regarding the criteria listed in par 4.2.
- 4.2. An evaluation committee will be established to evaluate submittals. The committee will include employees of TFC, and may include other impartial individuals who are not TFC employees. By submitting qualifications in response to this RFQ, Respondent accepts the solicitation and evaluation process, and acknowledges and accepts that scoring of the qualifications may involve some subjective judgments by the evaluation committee. The evaluation committee will evaluate and score each submittal based on the following criteria:

• Experience and Qualifications	40%
• Methodology and Budget/Schedule Compliance	35%
• Quality/Safety Programs & Safety Record	5%

- 4.3.2. Attendance by team members assigned to the project to represent themselves as to their relevant experience and proposed involvement in the project. Representation by the Project Manager and the Superintendent is a critical component of the interview.
- 4.3.3. An Agenda for the interview will be provided by TFC requiring an elaboration of company relevant experience, qualifications, and proposed methodology for the Project.
- 4.4. The Evaluation Committee will determine if price negotiations are necessary and may negotiate final pricing per TGC, Chapter 2269, Subchapter D, §2269.254 (b), (c).
- 4.5. In evaluating proposals to determine the best value for the State of Texas, TFC may consider information related to past contract performance of a Respondent including, but not limited to, the Vendor Performance Tracking System (available at <http://www.txsmartbuy.com/vpts>). Prior work performance with TFC and other State agencies or governmental entities, which are familiar with a Respondent's performance, depending on problems encountered, may be grounds for disqualification.
- 4.6. Right to Audit: Vendor understands that acceptance of funds under this resulting contract acts as acceptance of the authority of the State Auditor's Office, TFC, or any successor agency to conduct an audit or investigation in connection with those funds. Vendor further agrees to cooperate fully with the above parties in the conduct of the audit or investigation, including providing all records requested. Vendor shall ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through the vendor and the requirement to cooperate is included in any subcontract awarded.
- 4.7. Protests shall be governed by TAC Title 1, Administration, Part 5 Texas Facilities Commission, Chapter 111 Administration, Subchapter 1 Complaints and Dispute Resolution, §111.32 Protests/Dispute Resolution/Hearings.
