All payment bond claimants are cautioned that no lien exists on the funds unpaid to Vendor on such contract, and that reliance on notices sent to TFC may result in loss of their rights against Vendor and/or its surety. TFC is not responsible in any manner to a claimant for collection of unpaid bills, and accepts no such responsibility because of any representation by any agent or employee.

(g) The rights of subcontractors regarding payment are governed by Texas Property Code, Sections 53.231–53.239 when the value of a Purchase Order is less than \$25,000.00. These provisions set out the requirements for filing a valid lien on funds unpaid to Vendor as of the time of filing the claim, actions necessary to release the lien and satisfaction of such claim.

Our goal is simple: in the words of Buckminster Fuller - "To make the world work for 100% of humanity in the shortest possible time through spontaneous cooperation without ecological offense or the disadvantage of anyone." The Living Building Challenge™ is an attempt to dramatically raise the bar from a paradigm of doing less harm to one in which we view our role as a steward and co-creator of a live living future. The Challenge defines the most advanced measure of sustainability in the built environment today and acts to rapidly diminish the gap between current limits and the end-game positive solutions we seek. *Karen Knight, International Living Future Institute, Living Building Challenge, Ambassador*
- 8:00 - 9:00 AM **1 LU/HSW**
