ABOUT THE STATE SURPLUS PROPERTY PROGRAM

<http://www.tfc.state.tx.us/SSP>

The Texas Facilities Commission disposes of salvage and surplus personal property from Texas state agencies such as DPS, TXDOT, TCEQ, and Texas Parks & Wildlife. Examples of commonly available items include vehicles, furniture, office equipment and supplies, small electronics, and heavy equipment. The public is invited to purchase the property at our retail storefront in Austin, TX, or by bidding on an online auction.

- **Online Auctions:** Auctions are held on an as-needed basis. There may be zero or multiple auctions happening at any given time. Auctions feature specialty equipment (including heavy equipment and vehicles from TXDOT) and/or items located outside the Austin area. Internet auctions are conducted by Lone Star Auctioneers.
- **Retail Storefront in Austin:** The Austin storefront receives new property every day! In addition to state surplus vehicles, furniture, office equipment and supplies, and small electronics, the Austin storefront also sells abandoned airport property such as pocket knives, multi-purpose tools, jewelry, sunglasses, watches, luggage, and toys. Police radios, light bars and video equipment are available for sale to law enforcement organizations only.

Hours: Open to the public Monday-Friday from 8:00 AM to 4:30 PM

Address: 6506 Bolm Road, Austin, TX 78721

Contact Us: By phone at (512) 463-1990 or by email state.surplus@tfc.state.tx.us

Inventory: Complete Austin inventory, including furniture & airport property, is not available online at this time. Please call to verify the availability of certain items.
