Location: Central Services Building, 1711 San Jacinto Blvd. Austin, Texas 78701		
Posting Date: 09/24/2024	FLSA Status: Nonexempt	Hours: 40
Closing Date: Open until filled	Shift Differential: n/a	Openings: 2
Division: Chief Operations		Program: FMO – Facility Maintenance

Note: To apply for a state agency job with TFC, you must complete the electronic State of Texas Uniform Application for Employment through www.WorkInTexas.com.

*Must be able to work flexible hours during a legislative session and as needed.

JOB SUMMARY:

The Position: Performs highly advanced (senior level) heating, ventilation, and air conditioning (HVAC) equipment work. Works under minimal supervision with extensive latitude for the use of initiative and independent judgment.

Benefits of Working for the State of Texas: As a State of Texas employee, you will enjoy a generous number of paid holidays, vacation, and sick days. Your new defined benefit retirement account can't lose value due to market fluctuations, unlike retirement plans offered by many other employers. Health insurance premiums for eligible full-time employees are paid at 100% for you and 50% for dependents and there are no deductibles for in-network, in-area services in HealthSelect of Texas. Full-time state agency employees with student loans may be eligible for federal Public Service Loan Forgiveness. About TFC: The Texas Facilities Commission (TFC) builds, supports, maintains, and manages over 8 million square feet of state-owned facilities that house over twenty thousand state employees in dozens of state agencies, all working in the service of the citizens of Texas. The Facilities Management and Operations (FMO) Division oversees a varied property portfolio of office space, storage, warehouses, schools, medical labs, parking lots and garages, and grounds throughout Texas. Our team of over 250 employees provides and contracts for property management, maintenance, landscaping, custodial services, waste management, building climate and energy automation, and the fire and security services required to keep State agencies working for our constituents. Our goal is to serve with excellence by providing high-quality work environments that are functional, energy-efficient, and cost-effective to operate.

ESSENTIAL FUNCTIONS:

- Oversee and participate in the repair and maintenance of various HVAC components including compressors, motors, pumps, blowers, and refrigeration equipment.
- Perform preventative maintenance and repair of industrial and commercial HVAC equipment including split systems, packaged rooftop units, cooling towers and pumps, as needed.
- Performs HVAC inspections at assigned sites on a regular basis for contract compliance, workmanship, and safety.
- Prepares required reports and forms involved in HVAC inspections.
- Follow-up on any required warranty work and maintain contact with requester to ensure customer satisfaction.
- Interpret and work according to schematics, blueprints, and technical manuals.
- Coordinate activities with project managers, other crafts, inspectors, and stakeholders.

Texas Facilities Commission Employment Opportunities

- Train other HVAC Technicians and staff in preventative maintenance, repair and care of HVAC systems.
- Create detailed work estimates, considering both labor and materials, and compile materials lists.
- Respond to emergency repair requirements which may include working during weekends, after hours, or in adverse weather conditions.
- Contribute to HVAC deferred maintenance planning and suggest upgrades and repairs.
- Keep accurate records of all work orders, projects, and departmental tasks.
- Enforce safety regulations and adherence to proper codes and standards.
- Recommend or initiate action involving promotions, transfers, disciplinary action, and motivation of employees.
- Operates a State of Texas motor vehicle to perform all essential functions.
- Performs related work as assigned.
